## Skin Care

Beautiful skin starts with healthy skin. This is our philosophy at Serenity Spa and the reason we have chosen Image Skincare products for our signature facials. Image Skincare products work at the cellular level to diminish fine lines, fade sun damage, increase hydration, and stimulate cellular turnover for a more youthful looking skin. After a consultation your licensed esthetician will determine which Image facial you need to heal and nourish your skin. Included in the facials is a relaxing face, neck and shoulder massage. The 50 minute facials also include extractions.
